

NYSC Policies and Procedures

Policy Name: Uniform Policy

Overview:

We are proud of our Club and honored to be Sharks. It is therefore the coach's responsibility to make sure that every player on their team wears the official Club uniforms to represent the Club at every game. The coach will lead by example by wearing their coach shirts on game day. It is also expected that every player wear his or her team practice tee shirts to each practice.

Personnel Affected:

DOC, coaches and players.

Process:

- NYSC will wear the official game uniform of the NYSC uniform at all FYSA and USYS sanctioned events in the state of Florida. The Club via the DOC determines the official game uniform at the time the uniforms are issued to the teams. If a team participates in a sanctioned event that has a different # of players format (i.e. 6v6 vs. 11v11), the team is not required to wear the official game uniform of the NYSC. Modifications to the above may be obtained via Board Approval.
- At Practice all players of a team will wear the same practice uniform as determined by the team. Practice uniform determined by the team must display the appropriate sponsors and the screen display of the club identification on the front of the shirt needs to be consistent with the practice shirts provided by the club
- An individual or team may modify the NYSC game uniforms, warm-up or bags with NYSC board approval. Naples Team Sports is our recommended local vendor for all soccer uniforms. Modification to the bags and warm-ups that places player's name and number on all of the players' kits does not require board approval.

Rationale for Process/Procedures:

It is critical to have consistency throughout the Club and for all Club members to be proud and honored to wear their Club's official merchandise and colors.
